METHODOLOGY

Sample

- Conducted nationally among 1200 respondents aged 18 years and over.
- Respondents were selected by means of a stratified random sample process which included:
 - a quota set for each capital city and non-capital city area. Within each of these areas a quota set for each telephone area code;
 - random selection of household telephone numbers drawn from current telephone listings for each area code;
 - random selection of an individual in each household by a "last birthday" screening question.

Interviewing

- Conducted by telephone over the period of 26-28 May 2006, by fully trained and personally briefed interviewers.
- To ensure the sample included those people who tend to spend a lot of time away from home, a system of call backs and appointments was incorporated.

Weighting

- To reflect the population distribution, results were post-weighted to Australian Bureau of Statistics data on age, highest level of schooling completed, sex and area.

SECTION E - ASK ALL RESPONDENTS

E1 And now a question about Australian immigration policies. Recently the Indonesian Government expressed its concern at Australia's decision to grant visas to 42 West Papuan (**PRON: PARP-WAN**) asylum seekers and recalled its ambassador in protest. Do you think the Australian Government should **change** its immigration policies in order to improve its relations with Indonesia or **keep** the policies as they are? SR

All research proposals, research designs, questionnaires and processing techniques, including systems of weighting, remain the property of NEWSPOLL. All computer table reports provided by NEWSPOLL identify the variables used in the weighting process. Further details, if required, are available at an additional cost. Photocopies of individual questionnaires or a copy of the database, **excluding** respondents' identities, may be made available to a client at the client's expense.

3. Publication of results

Clients choosing to release the findings of a NEWSPOLL survey must ensure that the results are represented in an objective and non-misleading fashion.

NEWSPOLL advises that at all times questions must be objective and not intentionally misleading or attempting to elicit a desired response. NEWSPOLL must be consulted and agree in advance on the form and content of any intended release. NEWSPOLL must be provided with a copy of the proposed release and given 48 hours for its review. Up to two executive hours will be made available for this review process. Additional reviewing time, if required, will be charged at an hourly rate. From time to time Newspoll employs the services of associated companies to assist with fieldwork related services. Newspoll reserves the right to do so when required.

3. Costs and confirmation of costs

Costs for a study can be confirmed only after agreement on questionnaire outline or on sighting a draft client questionnaire. Changes to agreed research specifications and/or questionnaire will result in a cost revision. Unless otherwise specified, all quoted costs refer to Australian dollars and reflect current year's rates, effective for the January - December period. Costs are quoted exclusive of GST. For Australian clients, GST will be shown separately on a tax invoice and must be paid for by the client.
